Our doors are available in 'SBD' specification. 'SBD' meets the rigorous requirements of Secure By Design, the official police initiative, backed by the UK Home Office crime reduction unit. It is a guarantee that your door has been tested to, and surpassed, the most rigorous of attacks, and the most extreme weather tests available. It is a reassurance that our manufacturing methods are constantly monitored by this respected outside body.

PAS 24 2016

SBD Doors are manufactured to PAS 24 2016

Pas 24 2016 gives you complete reassurance that your door has been manufactured to the highest level of quality and enhanced security.

ENERGY EFFICIENCY

The insulated core of the door slab and insulated reinforcing in our frame allows for maximum heat retention and noise reduction. Our doors offer U Values between 0.9 and 1.5

The photos show the thermal efficiency of each of the doors we tested. The darker the blue, the less heat is being lost. Reds and greens, the predominant colours on the timber door, indicate high heat loss.
