

DISTINCTION DOORS

A DOOR FOR EVERY HOME

We've been
building premium
composite doors
for over

20 *years*

Your door journey starts here

With over 300 door styles, a bespoke colour palette and exclusive glass range to choose from, you can create a personalised Distinction door that is truly unique to your home.

Choose your door colour

Let your imagination run wild with our collection of curated colours. Specially selected by our design team, there's a colour to suit every home.

Choose your door style

Your front door is the first thing visitors will see. Discover your perfect design from an extensive range of both traditional and contemporary styles. Head to door-designer.co.uk to explore the full range and design your dream door today.

Choose your glass design

Complement your new composite door with one of our decorative glass designs that you won't find anywhere else. Providing the finishing touch for every property style - traditional, period, modern and contemporary.

We are very proud of our door's credentials and its ability to meet the most demanding technical requirements.

With two decades of experience and a dedication to excellence, we have earned the trust of installers and homeowners across the UK.

Our doors have been designed to keep your home safe and snug, reflecting our commitment to quality craftsmanship and your peace of mind.

Quality you expect

We have the best product in the market by far. Our superior GRP doors have a high impact resistant skin with a beautiful woodgrain finish which gives a Distinction door its prestigious authentic and premium aesthetic.

Engineered wood

For improved stability.

Foam filled core

The rising cost of energy bills and the impact on the environment means we all want to keep our consumption to a minimum by keeping warmth in and draughts out. When compared to a solid timber core composite door (48mm) and a timber panelled door (44mm), calculations prove that our composite door is 50% more thermally efficient than the alternatives.

Decorative glass

Triple glazed and laminated as standard 24mm glass units for enhanced security and peace of mind.

Water-resistant composites

Water-resistant polymer composite rails help keep water absorption at bay, which helps prevent a bowed door; often associated with timber core alternatives.

Reinforced core

The reinforced central board gives you extra reassurance that your Distinction door is both solid and secure and has earned our door its reputable 'Secured by Design' status.

safe
and
snug

Come home to the most energy efficient door on the market.

There are many ways to improve the energy efficiency of your home, actions which can reduce energy bills and create a warm and comfortable home. Amongst the most common methods are adding wall and loft insulation and draught-proofing.

But did you know that low performing, ill-fitting doors and windows can also cause heat loss and subsequently impact energy usage?

That's why we have developed the most thermally efficient entrance door on the market.

When compared to a solid timber core composite door (48mm) and a timber panelled door (44mm), calculations prove that our composite door is 50% more thermally efficient than the alternatives.

Investing in a new high-performance Distinction door will boost insulation levels and reduce draughts and cold spots, making your home extra warm, enabling you to turn the thermostat down a degree or two!

Plus, there's the added bonus of it being more secure. Oh, and did we mention giving your home enviable kerb appeal!

But don't just take our word for it.

Today, one in four entrance doors installed in the UK is a Distinction door. We are the UK's leading composite door manufacturer with more than four million doors installed across the country.

* Based on indicative calculations of the door core.

Guarding what matters most.

We believe that everyone should feel safe and secure in their home. That is why our products* are Secured by Design (SBD) accredited.

SBD is a widely respected and long-established official police security initiative operated by the UK Police Service.

It provides a recognised standard for all security products which can deter and reduce crime, and help people live more safely.

Our SBD accredited products are available through SBD approved door fabricators only. They have been rigorously tested by the United Kingdom Accreditation Service (UKAS) an accredited independent, third-party certification body and meet the security requirements of the SBD Police Preferred Specification.

For more information, please visit: www.distinctiondoors.co.uk/secured-by-design.

* Please note, this does not include Stable doors.

@mylittlepieceofearth1

Step inside Lauren's Yorkshire farmhouse

Who lives here?

Lauren lives in the Yorkshire countryside with her husband and two adorable fur babies.

When Lauren and her husband returned to Yorkshire in 2023, they chose to take on the challenge of renovating Lauren's childhood home. Their goal was to infuse it with a fresh vision and style that would reflect both of their tastes - a warm, country feel - while also building upon the cherished memories this beautiful farmhouse has collected over the years.

What drew you to this property?

'Our farmhouse-style cottage is incredibly special to me, as it was my childhood home. In 2023 my husband and I moved back in and began renovating, making our dream home become a reality. I have always loved where I grew up, and always wanted to put my own stamp on somewhere through renovating, so it made lots of sense to go back 'home.' So far, we have managed to renovate most of the downstairs floor, which has been wonderful to transform.'

What work have you done so far?

'The house features original renovations, such as a brand-new staircase (now rotated 180 degrees for safety reasons!), bathroom, living room and garden space. Other areas of the home took extra work, such as the utility room, due to the complexity of the job. I have also improved the kitchen as well, with a new granite worktop. Thankfully, I had the help of my Instagram followers to decide the new colour!'

What was your inspiration?

'My inspiration mainly comes from Instagram, although I do love flicking through interior design magazines and watching interior design programmes on BBC and Channel 4. They really show how a re-jig of a space can work wonders.'

Why did you believe a Distinction Door would be the best fit for your home?

'We chose to use Distinction Doors for our project as my parents have recently renovated and recommended Distinction Doors. I have to say, their products do not disappoint. From a fabulous array of colour choices, styles and designs to choose from, the possibilities are endless and there's something for everyone! You can mix and match to create your dream entranceway.'

What style did you go for?

'We opted for the stainless-steel handle because we loved how sleek it looked and added a modern twist to our cottage. We chose Agate Grey for our colour choice, loving the colour so much we then painted our garage doors to match. The product itself is the most divine quality, with beautiful intricate detailing. Despite the door being composite, it has a real grain wood effect on it, which I just love! The attention to detail is stunning.'

What have you enjoyed most about your door?

'The benefits of our new door, apart from the obvious being less heat escaping, definitely has to be the security element. Our door automatically locks, and without a key, you're not getting in! This gives us peace of mind, living in the countryside.'

Feeling social?

Would you like to see some of our real doors on real homes? Head to our social media feeds for endless colour and style inspiration.

The colour palette

Colour has the ability to change your mood, spark an idea and trigger a reaction. We categorise things by colour and we all have our favourites. That's why it's important to choose the right colour for your front door; you are setting the mood for the whole house. Carefully curated in-house, our

non-toxic, odourless, low emission and eco-friendly bespoke paint range offers something different. Discover deeper, richer tones; classic and delicate neutrals; and shades designed to bring joy. You can choose a colour for both inside and out, and they don't need to match.

Choose from our selection or pick any RAL colour!

Colours shown should be used for guidance only as the limitations in the printing process may mean that colours vary from those illustrated. Hardware shown is for guidance only and may vary from that illustrated. Standard colours are available both from stock and as painted product, subject to availability. See Colour Guide on pg. 76 for further information.

Glass range

What really sets our doors apart from the rest is our exclusively designed glass range.

Only found in a Distinction Door, our decorative glass is triple glazed and laminated as standard, complementing our superior quality doors. Our double-glazed options, Chatsworth and Wentworth also maintain the highest quality standards.

Furthermore, every door in our Esprit collection features individually designed glass to suit that specific door style, creating a unique entranceway.

The possibilities really are endless...Remember, you can visit door-designer.co.uk to see every door, colour, and glass combination in full.

NEW

GRANDEUR COLLECTION

FROM PREMIUM TO LUXE

Luxury was at the heart of our vision when curating the Grandeur Collection.

Our aim was to establish a range that bestows any home with a sense of opulence while upholding the exceptional quality defined by the Distinction Doors brand.

All of our doors are premium. That's fact. But, there's just something about the sound of closing a 70mm door that adds that extra first-rate quality. Take it to the next level and add grandeur to your home with our new and improved collection of double rebated doors; inspired by the elegance and refuge we seek in a beautiful home.

We believe you shouldn't have to sacrifice practicality for style. Our 70mm door is almost 50% thicker and as a result, offers 35% better thermal efficiency than our standard 44mm door.* This collection was built to keep heat in your home whilst still managing your energy usage effectively.

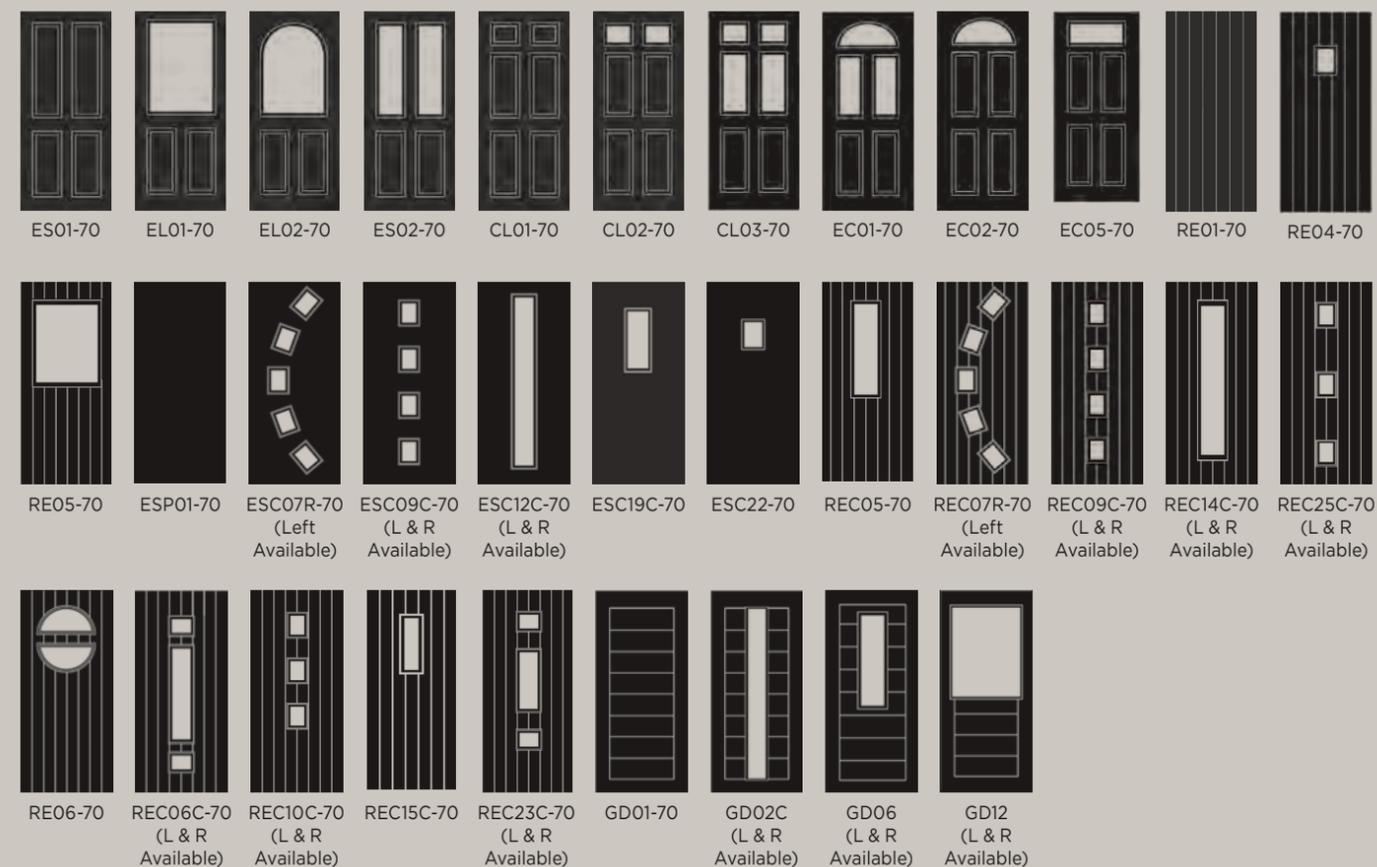

The doors in our Grandeur Collection add an extra level of security[◇] to your home, so you can rest easy knowing that your family remains as safe as it can possibly be.

YOU'LL KNOW
WHEN YOU
HEAR IT.

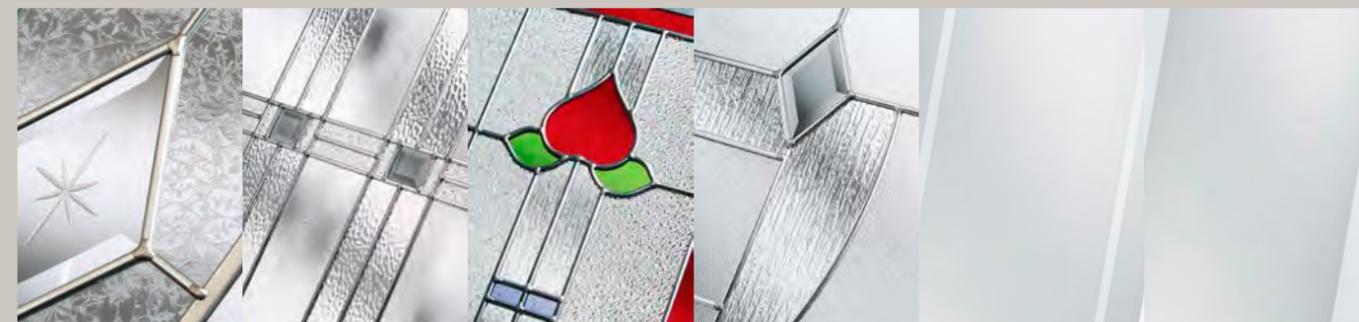

Extended range

Our Grandeur Collection now includes an extended range of 70mm door styles, offering more choice for your customers.

Our 50mm triple-glazed, laminated glass is available in our much-loved Kara Zinc, Kara Brass, Aspen, Edwardian and Monza styles, with new additions, Chatsworth and Wentworth styles now available.

Colours shown should be used for guidance only as the limitations in the printing process may mean that colours vary from those illustrated. Hardware shown is for guidance only and may vary from that illustrated.

nxt-gen

Our front door protects us and our possessions by keeping our home safe and warm. And all the while, we expect it to look good, and stay looking good whilst we use it every day.

That's why we have developed the nxt-generation composite door. Our nxt-gen range combines innovation and simplicity with the performance you'd expect from a modern

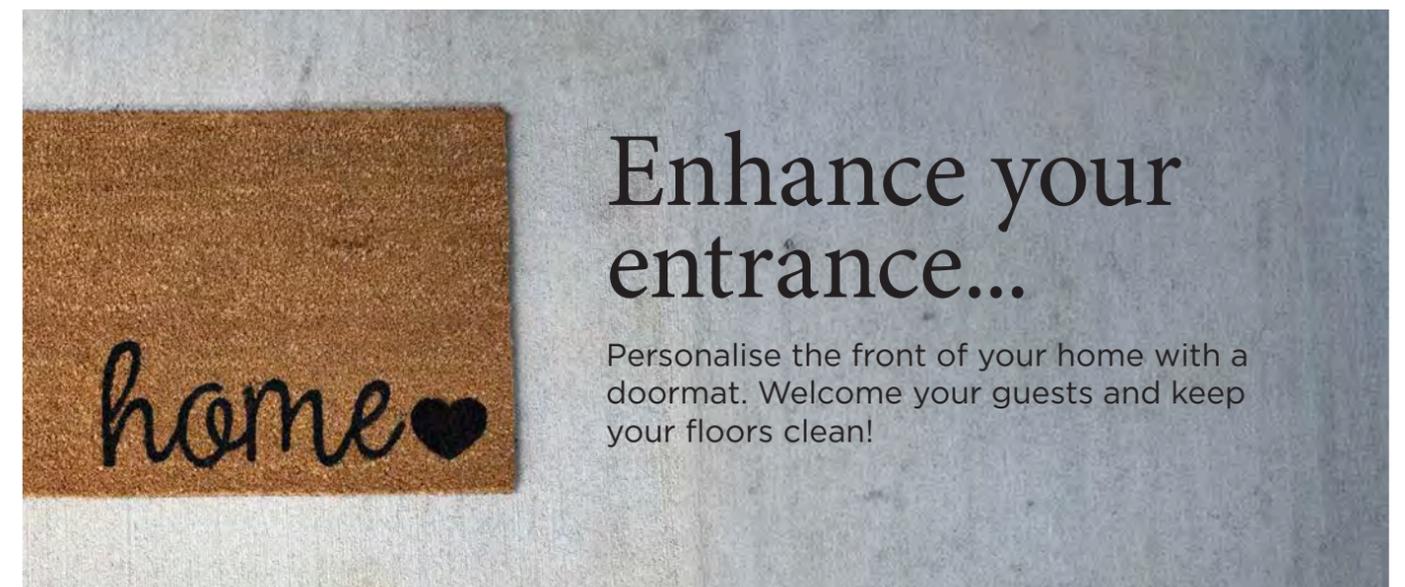

composite door. Characterised by sleek lines and a flush finish, the nxt-gen range oozes style. A classic front door, fit for modern life.

Make it your own and choose from over 30 bespoke colours and a wide selection of decorative glass. The nxt-gen range - front doors for modern life.

glass to impress

Signature

A quality front door says a lot about its owner. It makes a statement. It speaks of intent, character and aspiration. Our Signature range does exactly that.

With a more traditional finish, our Signature doors are designed to complement and respect the architecture of your home.

This range is the perfect choice for those wishing to add a touch of classic style and elegance to their home.

With our Signature range there's a door to suit every property; modern or traditional, town or country.

Technical Guidance

Cleaning and Maintenance

Your Distinction GRP composite door has been designed to be easy to maintain.

To prolong the life of the surface finish and protect your warranty, ensure sure door remains free of debris and pollution by simply using warm water and a soft, lint-free cloth. If you live in a coastal area, in a heavily industrialised area or near a main road, you may need to clean your door more frequently.

It is important that you DO NOT use any of the following on your door as this will affect your warranty:

- Abrasive cleaners or scouring pads. Please note that some cleaners are abrasive.
- Any type of bleach or solvent (e.g. white spirit, methylated spirit, cellulose thinners, acetone or nail varnish remover)
- Any type of adhesives or tack for providing temporary protection or fixing of seasonal or other decorations etc.
- High pressure or steam cleaners.

Technical Figures

A Distinction GRP composite door has a wealth of facts and figures that prove its quality. The door:

- Reduces outdoor noise by an average of 31dB
- Achieves Global Warming Potential (GWP) score of less than 5
- Achieves Ozone Depletion Potential (ODP) score of zero.

Decorative Glass

Features and benefits:

- Decorative triple glazing
- Obscure double glazing
- The decorative centre pane of the triple glazed unit is sealed within the unit therefore, it is protected from dust and weathering and easy to clean
- 6.8mm glass laminated as standard
- 50mm units available for 70mm doors
- Glass patterns may vary
- Slight bubbles, lines and surface imperfections are all characteristics of glass. They are not to be considered as defects as they add character to decorative glass.

Triple glazed decorative glass diagram

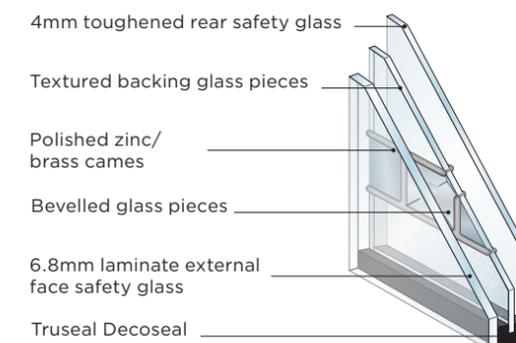

Diagram represents a typical make up of our triple glazed glass. Please contact us for further info
